## **Project Lead the Way Courses**

August 2010

The following chart portrays how UW System Institutions will consider PLTW courses for admission purposes.

Institution	PLTW Courses that may count as high	How will these PLTW courses
	school (hs) science units for admission	count for admission
	purposes IF also approved by hs district*	purposes?
UW-Colleges	Principles of Engineering	В
	Biotechnical Engineering	
UW-Eau Claire	Principles of Engineering	А
	Biotechnical Engineering	
UW-Green Bay	Principles of Engineering	В
	Biotechnical Engineering	
UW-La Crosse	Principles of Engineering	В

<sup>\*</sup>Each High School (hs) must request DPI approval to grant "equivalent for science" (ES) credit. Once approved by DPI, the hs will indicate "ES" next to the title of the course on the student transcript. For a list of currently approved schools and courses go to <a href="http://dpi.wi.gov/te/terp.html">http://dpi.wi.gov/te/terp.html</a> (Titled-Approved Science Equivalency Courses)

## KEY

- A. Completion of 1 or both PLTW courses count for no more than 1 high school science unit
- B. Completion of 1 or both PLTW courses will count as 3<sup>rd</sup> unit of high school science as long as other units are some combo of biology/chemistry/physics.
- C. Completion of both PLTW courses will count for 2 high school science units g:\vpacad\jrs\admissions issues\pltw\finalrevised 8\_10 summary -accepting pltw for admission.doc
